

Busing Policy for Severe Weather/Unsafe Road Conditions

Policy No. 406.3

The Board of Education, School District No. 91 (Nechako Lakes), recognizes that it shares a responsibility with parents for the safety of children as they proceed to school in severe weather conditions.

When the 5:00 a.m. local area Transportation Department temperature is -35 C or colder, or roads are deemed unsafe by the Manager of Transportation, information will be available on the School District Website, Electronic/Emergency Notification System, Local Media and Facebook.

Local Areas: Fort St. James, Fraser Lake, Vanderhoof and Burns Lake Area

The Manager of Transportation is provided the authority to use their discretion in cancelling bus service where severe weather conditions dictate.
