

Security of District Facilities

Policy No. 402.7

The Board of Education, School District No. 91 (Nechako Lakes), is charged with the responsibility for the custody of all school property of the School District and provides for its safekeeping.

The Board supports the need for employee and volunteer access to their assigned school as required for school-related purposes.

However, the Board also recognizes the necessity for school security to minimize the risk of unlawful entry and/or the theft of District equipment. The Regulations accompanying this policy provides rules to be followed by everyone who uses the District facilities after school hours.
