
School District No. 91 (Nechako Lakes)

2026/27 Approved Minor Capital Projects – Information Summary

Purpose

To provide the Board and the public with a summary of minor capital projects approved for the 2026/27 fiscal year.

Background

As part of the Province's 2026/27 Capital Budget process, School District No. 91 has received approval to proceed with a number of minor capital projects. These projects focus on maintaining and improving existing facilities and supporting safe, reliable student transportation.

The Ministry will provide a total capital funding amount of \$1,440,000 for the purpose of these approved projects.

School bus purchase approvals will have funding amounts confirmed after school districts place their order with bus vendors through the upcoming Bus Standing Offer process.

Approved Projects

School Facilities

- **W L McLeod Elementary** – Roofing upgrades
- **David Hoy Elementary** – Roofing upgrades
- **Fraser Lake Elementary Secondary** – HVAC upgrades
- **Lakes District Secondary** – HVAC upgrades (School Enhancement Program)
- **Lakes District Secondary** – HVAC upgrades (Carbon Neutral Capital Program)
- **W L McLeod Elementary** – Food infrastructure delivery vehicle
- **Babine Elementary-Secondary** – Kitchen equipment upgrades

Student Transportation

- Replacement of four school buses (Type C buses) to support ongoing student transportation needs across the district

Next Steps

Projects will proceed in accordance with Ministry requirements, Board policy, and established procurement processes. All work is expected to be completed within the 2026/27 fiscal year.
