

**Community/School Partnerships**

**Policy No. 304.3**

The Board of Education, School District No. 91 (Nechako Lakes), believes that partnerships between schools and communities are mutually beneficial and will provide the support and leadership required to develop and maintain healthy partnership opportunities.

The Board believes that career education and career exploration are basic components of a secondary school student's educational program. Further, the Board recognizes the willingness and expertise that exists in the local communities to enhance the delivery and effectiveness of this experience for all learners. The Board believes that its schools are an integral part of the community as a whole, and as such, will explore opportunities to work together for the benefit of all concerned.
