

# Student Voice

April 15, 2026 meeting

# FLESS

---

FLESS Geo-Thermal Greenhouse: The official start of construction for the greenhouse, its 100 foot long, 17-foot wide

Year-round growing capacity, its outputs will support school-based food, and educational programs.

Toe Wrestling: Originating in England; similar to arm wrestling, where you push the other persons foot to the ground while having the players toes interlocked. They held their own championship battle between 2 students, Max and Kain. Referee Hudson crowned Kain the local toe wrestling champion.

Sports: Girls Soccer has officially started; the Track Team is currently looking for a coach.

# FLESS

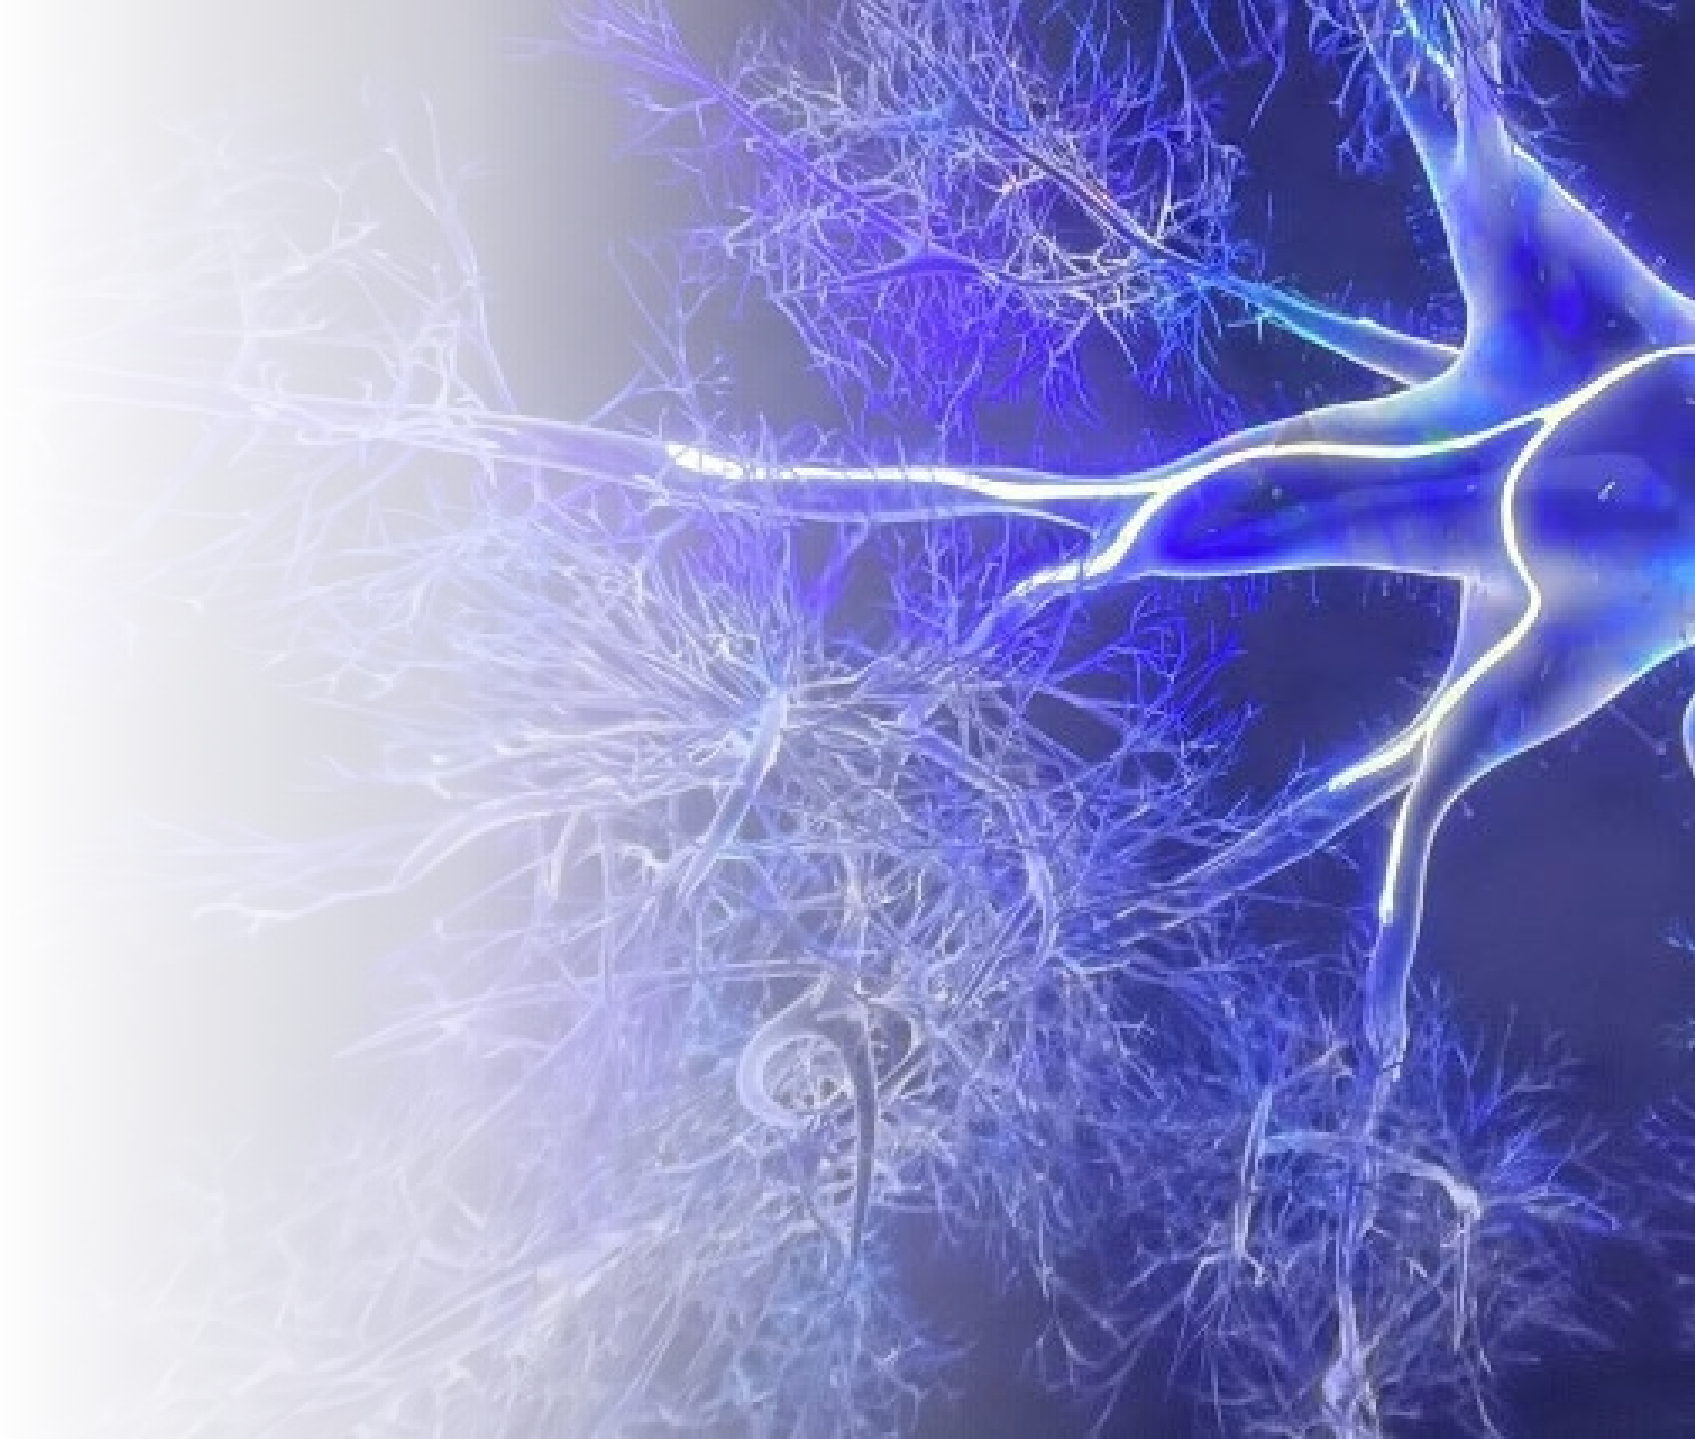

---

Embers of Hope: Grief counselling and skill development, supporting steps to use in self-help or helping others. Run by the Counselling and Training Services Inc.

The Brain: An and art installation designed to support positive mental health and prevent substance abuse among youth.

Career and Education Expo: Held at the CN Center in PG.

School House System: Student Voice has influenced teachers to implement a house system to help them increase student engagement across the school.
